

Val, are you really asking me what role I played in the *Civil War*?

Why, is my timeline totally off... or is that just a wildly insensitive subject for someone like me to even bring up?

Or both?

By the time Appomattox finally came to pass, I was still a child.

Shit, it was both.

Are you done with me forever?

Nah, just with this part of the ride.

What say we move on from your corridors of disquietude?
