

I built Fat Boy here entirely on my own...

...and with the following step-by-step instructions, now you can, too.

Holy crap.

To be fair, those watching me in places like Israel or parts of the Soviet Republic of Ukraine will have an easier time getting certain components than the rest of you.

Think I've reached my limit.

Same.

Still, if an underemployed college dropout like me could assemble all this without ever leaving the U.S., I have faith that...

Sorry, I... I need to catch my breath.

You mind if we take another walk or something?

Fuck a walk.

We need to take a motherfucking ride.
